## Materials Diversion - Required

### Waste Prevention

Waste Prevention activities, also known as source reduction, reduce waste at the source by creating less trash. This can be through using less materials or preventing items from entering the waste stream. Track tonnages for activities such as reuse within your organization, selling for reuse, double-sided printing, etc. in this section.

	MATERIAL	AMOUNT	UNIT	TONS	COMMENTS/ACTIVITY DESCRIPTION
1	Plastic Code #6, Polystyrene	500.00	Pounds	0.25	Reuse as packing material

### Donation
